

Quality Policy

Document No: **POL-07-001.05**
Version: **5.0** Date: 05/01/2023

JWB Constructions recognises that the disciplines of quality, health and safety and environmental management are an integral part of the management function.

JWB views these as a primary objective and to be the key to good business in adopting appropriate quality standards.

JWB Quality Policy calls for continuous improvement in the quality management activities and business will be conducted according to the following principles:

We will:

- Comply with all applicable legislation and Codes of Practice.
- Provide superior solutions and products to our customers (focusing on their needs).
- Establish and follow a quality management system.
- Communicate this system within the company and where relevant to our customers.
- Continually review this system to improve our effectiveness.
- Involve our employees and key trading partners in the continual development process.
- Establish objectives by which effectiveness and improvements may be measured.
- Establish feedback systems to measure the performance of JWB.
- Learn from both the positive and negative outcomes of this measurement process, making improvements where appropriate.
- Develop our internal resources and capability and work with our key trading partners to develop theirs.
- Take due care to ensure that activities are safe for employees, associates and subcontractors.
